

October 13, 2021

The Vermont Soccer Association is disheartened and saddened by the recent reports of serious misconduct on various high school soccer fields committed by some players and spectators. There is no place in society, or within the sport we love, for this kind of behavior. US Youth Soccer and all of its member organizations work to provide a culture where all individuals feel safe, respected and are treated fairly. For more information, read [VSA's Zero Tolerance Policy Against Abuse](#) or visit the [US Center for SafeSport Training](#).
