

When organizations rent or reserve fields or facilities, the owner (e.g. town or facility owner) often asks for proof of insurance from the organization. The form used to provide such proof of insurance is a **Certificate of Insurance (or COI)**. The Certificate of Insurance can be obtained directly from Vermont Soccer Association and will typically take 2-3 days to process, so please plan ahead!

Only the Registrar of an affiliated youth soccer organization can request a Certificate of Insurance from our office.

Please note: This certificate is for games and practices involving the affiliated organization **ONLY**. Insurance coverage does NOT extend to any events not sanctioned or acknowledged as approved for coverage by Vermont Soccer Association. We will not provide this certificate unless your organization is affiliated with Vermont Soccer Association.

Your submission of this request acknowledges that your organization is in full compliance with all Vermont Soccer Association rules on player and coach registration.

If you have any questions you can reach Meg Munson at executivedirector@vermontsoccer.org or 802-857-5703.

Please note due to a change in portal/agency, Certificates of Insurance will be emailed from **Players Health Certificates**. Please check your email spam / promotions folders as emails with attachments may be filtered until listed as a safe sender. **During the first few weeks of the season, COI requests can take 5-7 business days for processing.**
